V-C report from area meeting on 12/22/19

As chair of the Ad-Hoc committee on sub-committee budgets the committees recommendations are as follows

1. That the budgets for each sub-committee be based on what was spent in the 2019 calendar year, not what each subcommittee brought in for this 2019 calendar year.
2. That the area set aside this budgeted amount in case none of the subcommittee's fundraisers brought in any money, or if the fundraisers cost more money than they made. The fundraisers for each subcommittee allow them to be fully self-supporting.
- 3, The Area can review each subcommittee budget on a yearly basis to ascertain if the budgetary needs have changed. For example, H&I may need more money in a year if they start taking in additional meetings to a significant number of facilities in a short period of time. If this is the case they can ask the area for additional funds. Those additional funds would be included in the end-of-year budget report for that subcommittee.

Thank you for allowing me to serve

Leigh
